## THREE FOREIGN MINERS SHOT IN BLOODY RIOT LAST NIGHT.

Trouble Started at Christening at West Side, a Big Plant of the Pittsburg Coal Company.

### TWO MEN ARE BADLY WOUNDED

One Being Shot Through the Head, Another Through the Back, While Third Has Bullet in Arm—Warrants Out for Arrest of Three Men

WEST NEWTON, July 1.—Three men were shot in a riot at a christening at the West Side, a big plant of the Pittsburg Coal Company, a short distance up the Young river last night. None of the men will die, it is thought, unless complications set in. The wounded men are being taken to the hospital.

One of the men was shot through the head, another through the back, while the third has a bullet in his arm. Warrants have been issued for the arrest of three men who are believed to be the authors of the riot.

### CARNIVAL HERE.

The team comes home for four straight games this week and better luck is anticipated.

## GOES TO IRWIN.

Former Borough Principal J. P. Wiley to Supervise Schools There

Former Borough Principal J. P. Wiley is going to Irwin to supervise the schools there.

## MEXICAN VESSEL ON INLAND WATERS.

Inhabitants of Ohio and Mississippi See Sight for the First Time.

### CRAFT BUILT IN PITTSBURG.

Great Day Coming for the Farmers and Manufacturers When They Will Be Able to Load Goods for Foreign Shipment at Their Own Door.

WASHINGTON, June 29.—Steaming across the blue waters of the Gulf of Mexico is the three-decked, slide-whirl or Mexican vessel, the Clara Ramos. There would be nothing extraordinary in this were the Clara Ramos not the first steam vessel flying a foreign flag that ever made a voyage down nearly 2,000 miles of an American river. She is on her way to the inland waters of the Mexican Republic. For the first time in history, however, inhabitants of the Ohio and Mississippi valleys were greeted by the fluttering folds of a foreign flag, and it is believed in Washington that the voyage will mark a new era in commercial relations with the rich countries to the south of the United States.

The Mexican vessel was built in Pittsburgh and is intended for traffic on Mexican rivers. She dropped down the Ohio river a few days ago, in ballast, and her arrival was heralded in advance at every port along the stream. Such a dipping of flags and other naval salutes never was seen before on the big waterway. Fussy little tugs, hauling acres of coal barges, nearly split their throats with shrill screams of welcome to the flag of Mexico, and the more stately steamers recognized it as warmly, but in a more dignified manner, as became their station.

The appearance of the Clara Ramos was hailed at Cincinnati, where the vessel stopped for a day on its run down stream. The headquarters of the National Rivers and Harbors Congress is situated in that city, and its Secretary, Captain J. P. Ellison, was among the first to extend his welcome. His organization has worked for more than a half decade in an effort to arouse the people of the United States to the necessity for impressing on Congress that \$50,000,000 is needed to improve adequately the streams of the country. The appearance of a foreign vessel served to prove one of the necessities of the organization, namely, that if the rivers and harbors are properly developed a vast and increasing trade, both foreign and domestic, is certain to follow.

However, the Clara Ramos is not the first foreign vessel that ever sailed the Ohio and Mississippi rivers. In the old days, when sailing vessels carried the commerce of the world in their hulls, a number of vessels were built as far inland as Cincinnati to engage in the ocean-carrying trade. In the Liverpool Times of January 30, 1815, is found the following statement: "We have received a list of Cincinnati vessels brought by the first vessel that ever cleared at that port for Europe. The building of a vessel of 350 tons, the Muskingum, on a river 1,700 miles from the sea is, in itself, a very remarkable circumstance both as a proof of the magnificence of the American rivers and the spirit of the American people. The navigation of such a vessel down the Ohio and the Mississippi and then across the Atlantic would a few years ago have been thought impossible. She brings a cargo of provisions and we trust that the success of this first venture will be such as to encourage its frequent repetition."

### IMMIGRATION LAW.

Numerous Restrictions Are in Effect Commencing Today.

The new immigration laws placing numerous restrictions upon the incoming of undesirable foreigners will go into effect today. It increases from \$2 to \$4 the head tax on aliens and provides that all over \$2,000,000 of the revenue so derived will revert to the United States Treasury instead of being entirely devoted to the uses of the immigration bureau.

Another change makes the steamship companies subject to a fine of \$100 for transporting physically or mentally defective immigrants or those afflicted with loathsome or contagious diseases. The law further provides for deportation of women found to be leading immoral lives within three years after their arrival. The immigration officials are also empowered to arrest those who harbor women of this character, and fines a fine of \$3,000 and imprisonment for five years in event of conviction for such offenses.

Independence Day. You can sign your own Declaration of Independence by starting a savings account in this strong bank. Four per cent. interest paid. The Citizens National Bank.

### DAWSON.

Live Notes From the Busy Little Town Down the Yough.

DAWSON, July 1.—Miss Nell Sweeney of Glenwood was the guest of friends here Sunday.

Miss Gwendoline Richter of Connelville spent Sunday as the guest of her cousin, Miss Belle Patchell.

Mrs. M. Tucker, Mrs. E. L. Begal, Mrs. F. S. Gathers of Pittsburgh were recent guests of Mrs. David Russell.

Mrs. Charles H. Boyd gave an afternoon encore recently in honor of her nieces, the Misses Neil and Mabel Rosboro.

Raymond Boyd was a Connelville business caller Saturday.

Mr. and Mrs. Fred Dattiger spent Sunday with friends in Vanderhill.

J. E. Cotton of Uniontown was visiting friends and relatives Sunday.

John Hankins of Uniontown spent Sunday at the home of Mr. and Mrs. Charles H. Boyd, North Dawson.

W. S. Grimes has gone to Rochester, Minn., for treatment of cancer.

Mrs. A. J. Manning is at Kittanning at the bedside of her mother, who is very low at this writing.

W. F. Butte was looking after some business matters in Connelville on Saturday.

The Dawson school rooms are being given a thorough cleaning. The building is to be papered and painted. H. G. Culbert has been awarded the contract.

Rev. William Ogilvie is visiting his parents, Mr. and Mrs. Joseph Ogilvie, East Liberty.

Mrs. George Moore and son Fred were Connelville visitors Friday.

John Jacobs was a Connelville caller this morning.

Classified ads. one cent a word.

### HANG BURGESS IN EFFIGY.

Washington, Pa., Residents Angered at Defeat of Paying Bonds.

WASHINGTON, Pa., July 1.—Claysville, by a narrow margin, on Saturday, voted down a proposition to issue municipal bonds for paving. A crowd of those who favored the issue demonstrated the opposition Saturday night and hanged Burgess Chapman in effigy.

Chapman led the fight against the bonds. "The effigy bore the inscription, 'Burgess Chapman, Leader of the Mossbacks.' It was hanged to a telephone pole amid howls.

Fireworks! Fireworks!

As per our custom of former years we will put up a large balloon each evening at 8:30 until the Fourth, on which there will be a tag attached entitling the holder to \$1.00 worth of fireworks free, if returned. Remember, our stock of fireworks is the largest in town and prices the lowest. Let us show you our line before you go elsewhere. KEAGY'S DRUG STORE, South Side.

### FOR WARMER WEATHER WEAR.

Hats, Waists and Skirts For the Early Summer.

So radical a change in millinery as the one that has come to us this season is rare. Only a few short months ago and the hats towered above the head to an alarming height, and now we have the direct opposite, with hats small and ple shaped. But there are not many that are not built up into something very different from the real form of the hat itself. A few are left as made and trimmed with wreaths of flowers or whole bunches of various blossoms and ribbon, either in blue or black velvet. This last is much liked for the burnt straw and even for the white straws, of which, however, there are comparatively few. The tan and burnt shades appear to be better liked. Some of the more ornate hats have the brims twisted and bent it to all sorts of shapes, and under one side or the other or in the back one sees a remarkable array of flowers, lace, ribbon, feathers or tulle hanging down. Some of the most striking of such arrangements of tulle are shown in the illustration. Many have small wings laid flat on the brims. One very pretty hat has the brim of nonpareil and the crown made of an immense full of pale blue tulle. There is a hat box of tulle in front and a drapery of the same around the crown, principally designed to hold the tulle in place.

In spite of doctors' advice regarding the danger of wearing high and tight collars, those for this season are, it seems, higher than ever. Some are fitted to the neck and have points that come up quite to the ears. All sorts of material are used to make these high collars. Lace, tulle, silk mull, chiffon and fine linen are all employed, and frequently two or three kinds together. Where the dress or skirt waist is of this material the stock collar is made of it, stiffened and edged with lace. Many very pretty turnover collars are made of linen and embroidered in simple design, with a scalloped edge. Equester embroidery is quite as fashionable as it was last season.

Shirt waists are beautiful when in the dainty fine batiste, with tucks and inserts of delicate lace. The manifold designs make it impossible to speak of them in detail, but they are not so baggy as before and fit the figure much more closely, to their own beauty and beauty. The sleeves are lavishly trimmed, some with elbow length and others long. The men waists are tailored, which means that they are cut and sewed with the precision that marks tailor made garments. Wide

folks and slacks, striped and in some cases a little heavy embroidery are admissible on these waists. The sleeves of all tailor waists are long and finished with cuffs, man fashion. The heavier the linen the better these are liked. Nearly all are white, but a few are tan, pale blue or oxblood red. There are, of course, many noddies and gingham waists for ordinary use, but white is considered the best color for the majority. A very few of the heavy waists have equester embroidery in quite large design, which has given them the name of peckaboo, and some of the batiste waists are rather transparent. But no gentleman will wear them.

Waist skirts of heavy linen are made with the same care and finish that mark a cloth gown, and the result is very pleasing. For very hot weather a white sailor made waist skirt is a joy to a woman. Jackets to match are frequently worn, made just like the jackets of more expensive dresses. Tiny jackets are set in the jackets, which, with the careful finish, give an air of distinction not easy to obtain with a waist alone.

Skirts for walking are made in two lengths, one almost to the top of the shoe and the other reaching to within an inch of the ground. Folds, stitched down, pleats and a modified circular are all seen. Many of the skirts are made to fit quite closely around the hips, but flare widely below, while others fit snugly to the top and have inset folds, sometimes to the knees and sometimes to within fifteen inches of the waist line. These pleats are pressed down firmly and sometimes are stitched and trimmed with fancy braid. Braid continues its popularity. Waists of woolen tailor suits are all more or less ornamented by braid. Vest fronts are made of some white material, and all edges of this are trimmed with the finest and most dainty of the braids, which have light grounds with a little color of some kind and gold, silver, copper or bronze threads running through. They are very handsome and stylish.

### OLIVE HARPER.

Peary's Sailing Delayed.  
New York, July 1.—Commander Robert E. Peary will not start on his seventh expedition to the North Pole until the middle of July.

## DREAD AN EPIDEMIC.

Strike of Garbage Men in New York City Causes Serious Situation.

### STRIKEBREAKERS HARD TO GET

Mayor McClellan's Threat to Break

Strike Not Yet Fulfilled—May Be Compelled to Make Terms to Save City from Disastrous Consequences.

New York, July 1.—New York city is experiencing an impressive demonstration as to what extent the collection of the millions is dependent upon the handful, comparatively, of citizens ordinarily engaged in collecting garbage and delivering it. Two thousand and garbage collectors and an equal number of leg wagon drivers are on strike, and the city is in peril of an epidemic of disease. The garbage situation is the more serious, and unless speedily remedied the possibilities of evil are startling.

The health department, which, upon direction of Mayor McClellan, assumed responsibility when the street cleaning department proved unequal to the emergency, is exhausting its almost unlimited resources, but the best that Dr. Darlington could promise was that 300 men would be at work today. Such a force will make little headway as 755 carts are required to remove each day's accumulation and the work is six days behind.

Many Jobs Go Begging.  
The great obstacle encountered by the department is the deep-seated sentiment among men who work for wages that one may not honorably take the place of a striker. Thousands of men, enough to many times fill the vacant places, are to be found who want work, but not upon the conditions presented. Three dollars a day, board and permanent employment is offered, but has attracted few. Efforts to get men from other cities have now been made, and today recruits are promised from Philadelphia.

The health department took hold late Friday, and since has used its police powers vigorously and its emergency fund of \$5,000 without stint, but so far has been unable to meet conditions effectively.

Then officials of the health board indicated the plan of action would be doing a public duty if they became for the time garbage collectors. The only alternative appears to be a compromise with the strikers. Though the mayor has declared that the law does not permit dealings with evil service employees who are on strike and the street cleaning department refused to formally entertain the demands of the men, it is indicated that a settlement might be arranged legally.

### What Strikers Demand.

A conference between Commissioner of the health department and a committee representing the striking garbage collectors will be held today. The men hold to their original demands, the most important of which are:

- 1 That 48 hours constitute a week's work and that overtime be paid at the rate of 25 cents an hour.
- 2 That no fines be imposed without the opportunity for a hearing.
- 3 That a system of suspension be practiced instead of fines.

### SIGNALS BY TELEPHONE

Will Save Many Lake Vessels from Destruction.

Cleveland, July 1.—Many vessels on the Great Lakes are being equipped with wireless submarine telephone apparatus, by which danger signals can be received in time of storm or fog. At all points and other danger points, the government maintains lightships or buoys equipped with the bells which are automatically rung during thick weather. It frequently occurs, however, that during storm and fog these warning signals are not heard and as a result vessels go ashore. By means of the submarine telephone equipment these warning bells can be heard through a telephone receiver placed in the ship's pilot house several miles away. Transmitters are placed on the lightships or buoys, and the water conveys the sound waves to the receiver on board the vessels.

### No Danger of a Strike.

Detroit, July 1.—A conference of the independent steel manufacturers with the executive committee of the Amalgamated Association of Iron, Steel and Tin Workers has adjourned without any wage agreement being reached. The same result occurred at a recent conference in Toledo. The differences between the manufacturers and their employees will now go to arbitration, as provided in the agreement which expires July 1. The men demand 10 per cent increase.

### Rounding up the Vags.

Chicago, July 1.—Chicago last night began a new campaign for decency under the new vacancy law, which became effective at that hour. The police department will immediately begin clearing out the undesirable quarters by arresting all persons without honest means of support.

East Liverpool, O., July 1.—Thieves hauled themselves at the clothing store of William Bringer & Co. They selected trunks, valises and suit cases and packed them away full of the best goods in the store, worth \$5,000, which were hauled away in a wagon.

## YOU'LL DO BETTER AT Featherman & Sumberg's

# GO CARTS 25% OFF

Including Go Carts of All Descriptions.

George Knolls and Alex Dun were guests of Connellsville this Saturday evening.

Miss Carrie Bryson has just returned from a severe attack of illness.

George Wagner was a business for in Connellsville Saturday.

### OHIOVILLE.

Notes From the Little Mountain Road Up the Yough.

OHIOVILLE, July 1.—Mrs. Roubt Horton and daughter Freda of this place are spending a few days with relatives at Indian Creek.

Mr. and Mrs. B. A. Smith of Uniontown were the guests of relatives town over Sunday.

Walter Stanton of Pittsburgh was calling on relatives in town yesterday.

El. W. Fowler and E. D. Kilgus, of the Academy of Natural Sciences, Philadelphia, are studying the fish and reptile life of the mountains. They are staying at the Pennell Hotel here.

They have so far three kinds of fish, three kinds of salamanders, usually called lizards, were seen. One was very brilliant, being yellow with black spots, while another common one was very sticky and black, speckled with white. In the water only one kind of lizard was found, usually called newt. Of snakes four kinds were found, red belly, black, water and garter. Frogs were scarce, only one kind being found. Toads were especially abundant.

G. W. Moon of McKeesport was calling on friends and relatives in town yesterday.

The strong Mill Run baseball aggregation played the Ohioville boys Saturday and were defeated by the score of 9 to 1. The game was very much one-sided. The fielding of Stark in center and the all around playing of V. Brooks on second for Mill Run were the features of the game. Stark received many cheers when he caught a liner from Bailey's bat in the eighth inning that looked good for a home run.

Batteries, for Mill Run, Marietta, Blum and Krepps; for O. P. A. C. Rafferty and Largent. Struck out by Blum 1; by Rafferty 1; by Krepps, George Colborn. Time of game, one hour and 20 minutes.

Mr. and Mrs. Arthur Bailey of Confluence spent yesterday with relatives in town.

J. A. Irwin of Pittsburgh spent Saturday at his home near Pittsburgh.

Mr. and Mrs. W. S. Rafferty of Mt. Pleasant spent Sunday with relatives in town.

The following persons were looking after business matters in town Saturday: Robert Thorpe, John Boyd, R. M. Cunningham, Jack Myers, William

Tressler, Ross Bryner, Tom Thorpe, Calvin Bryner, Squire Collins, Louis Morrison, Clarence Bailey, George Sklar and Frank Turner.

Mrs. R. W. Shanks, who has been the guest of relatives in Connellsville for the past few days, returned to her home at this place yesterday.

Mrs. Clarence Collins of South Connellsville is the guest of her mother, Mrs. J. V. Holt, of this place.

Robert Holt was calling on friends and relatives in Confluence yesterday.

### CONFLUENCE.

Interesting Items From Somerset County's Hustling Town.

CONFLUENCE, June 29.—Mrs. M. W. Hammett, who has been attending a business college in Johnstown, Pa., is visiting at the home of Dr. W. S. Griffith. She will remain here over the fourth.

Miss Susan Bowlin, who was attending State Normal School, is home for the summer.

George Munson and family returned to Confluence this morning where they will spend Sunday.

Miss Maude Bills, who was visiting relatives in Confluence, has returned home.

Mr. and Mrs. Milton Hostettler of Kendall were in town a short time on their way to Ursina.

C. E. Livingston, the well known musician and piano tuner of Meyersdale, Pa., was in town today.

J. F. Reynolds is very ill at his home in West Confluence.

J. C. Newcomer, the jeweler, has decided to open a store in Ohioville.

Mrs. K. Ketchman left on No. 14 for Berlin, where she will visit her daughter, Mrs. W. C. Wolford.

Miss Mabel Reynolds of Cumberland is at the home of her grandfather, J. J. Reynolds.

Mrs. J. L. Davis and daughter Mary Catherine returned on No. 49 last evening from a week's visit at Berlin, where they had been the guests of Mr. and Mrs. Milton Landis, the former's mother, Mrs. Beani, and sister, Mrs. John Goff.

D. M. Chenoweth was a business to Pittsburgh today.

Miss Maudie Brown went to Confluence this evening where she will visit her sister.

M. H. Gardner returned last night from a business visit to Pittsburgh.

E. R. Bender was a business visitor to Confluence today.

W. F. Frederick & Company, through their representatives, Cook & Baldwin, of Meyersdale, placed a very nice piano in the home of Emerson Younklin today.

A corps of Wabash engineers were here today punning over some of their old lines. We were glad to see them as it gave us some new encouragement and it will keep us in a good humor for a while. We are still in hopes that the Wabash will be built and the engineers seem to think so, too.

### SURPRISE PARTY

Tendered Mrs. J. Wesley Boyer at Mt. Pleasant by Friends.

MT. PLEASANT, June 28.—Mrs. J. Wesley Boyer, residing on Center avenue, was most enjoyably surprised when quite a number of her friends flocked in on her. The day was spent in a delightful social manner and a bounteous repast was served. She received some valuable presents. The following guests were present:

Mrs. George Moore, Mrs. Thomas, Mrs. K. Gelm, Mrs. Mary Cochran, Mrs. Lillie McIntyre, Mrs. A. J. Cook, Mrs. George McGill, Mrs. Dan, daughter, Mrs. Mattie, daughter, Mrs. J. C. Moore, Mrs. George Strickler and daughter, Mrs. Charles Strickler, Mrs. Clark Hill, Mrs. P. D. Kilgus, Mrs. M. J. Beal, Mrs. S. Beal, Mrs. J. H. Cook and daughter, Mrs. Gladys, and Mrs. Lucinda Beal. They have so far three kinds of fish, three kinds of salamanders, usually called lizards, were seen. One was very brilliant, being yellow with black spots, while another common one was very sticky and black, speckled with white. In the water only one kind of lizard was found, usually called newt. Of snakes four kinds were found, red belly, black, water and garter. Frogs were scarce, only one kind being found. Toads were especially abundant.

### FEW ARE WISE.

Hence in Money Matters Is Rare in These Days.

It would think that 99 people out of every 100 would see the wisdom of saving money, but they don't. Only one person out of thirty does. The who are wise about other things are utterly reckless when it comes to money. They know they will never need it; see poverty and misery all around them because of a lack of it, yet make no effort to save. Hence many people in Confluence are poor. The First National Bank has a large number of new accounts, thanks to the fact that it makes savings by furnishing it to the home bank to its depositors.

### WEALTH INCREASED.

First National Bank of Dawson is making a splendid showing.

The First National Bank of Dawson is making a fine showing these days. At a meeting of the Board of Directors held Saturday \$2,000 was added to the sum. This fund now amounts to \$100,000.

At a meeting the usual semi-annual dividend of 10 per cent. was paid to stockholders.

### MT. PLEASANT.

Personal Chat of the Staid Old Westmoreland Town.

MT. PLEASANT, June 29.—The local Scholastics traveled to Uniontown Saturday afternoon and defeated the team at that place by the score of 11 to 3. Roger, of the Scholastics, carried off the batting honors, making three nice hits. Leo Skemp of State College, pitched superb ball, giving out 18 batters, walking one and hitting one. Leo had good control of the "split ball," and it kept Sid Hatfield busy to hold it. Skemp, who is a southpaw, will play with the Scholastics the contender at the season.

Howard Bradnock, also of State College, will play with the team. The Scholastics now have three regular pitchers, Leo Skemp, "Doc" Harris and Harry Bradnock, while McDaniel and Rager, who are on the regular lineup could also pitch in case of an emergency. The Scholastics batted on the ball for 16 hits. Jimmy Boyd, the crack middle fielder, sustained several bruises while making a daring steal to second.

Miss Ashmeade of Cleveland, O., is the guest of Miss Irene (Lundin) Main street.

Mrs. Lang of Pittsburg was visiting her daughter, Mrs. Gertrude Lundin, Main street, Sunday.

R. W. Stierley, Iowa, formerly a resident of this place, made his first visit here yesterday in the past six years.

Miss Louisa Myers of Fair was shopping here Saturday.

Mr. and Mrs. James A. Donahoe returned Sunday from a 10 day wedding trip to Atlantic City and Danaworth Exposition and will reside at Second street.

Frank Carbaugh of this place was calling on friends at 8 o'clock Sunday afternoon.

The Keystone A. C. went to Hett town and defeated the team there 10 to 0. McPhearsen, of Hett town, struck out 13 men. Only seven injuries were played on account of darkness.

John Goff of Fair was in town Saturday evening.

Mrs. G. W. Overholt and daughter Miss Mary, are visiting relatives at Sewickley.

Although the weather was threatening the local branch of the West Penn was crowded all day.

Miss Rose McLennan of South Bethlehem is the guest of Mr. and Mrs. Julius Rothman, Main street.

Paul Meyers of Fair was visiting friends in town Saturday.

The Young Americans went to and defeated Hett town by the score of 12 to 6. The score was a tie in the ninth and in the eleventh the local landed on the bridge pitch and scored six runs.

A. S. Pyle of Iron was visiting friends here Sunday.

George Ruff of Hett town, of Pittsburgh, spent Sunday at the home of William Muller, Hett town.

William Murphy was at Oakland park today.

### NEW FURNACES.

At Monessen \$4,000,000 Will Be Spent for Open Hearths.

MONESSEN, July 1.—Special Arrangements have been made by President Wallace H. Rowe, Vice President John D. Miller, Treasurer William C. Hertz and Secretary Charles D. Session of the Pittsburgh Steel Company, with the Union Trust Company of Pittsburgh as trustee, for an issue of \$4,000,000 first mortgage six percent bonds to provide funds for the erection at Monessen of eight 50-ton open hearth furnaces, a bloomery mill and three blast furnaces that will give the steel company total assets in excess of \$12,000,000 and make its Monessen plant one of the most independent works in the United States.

### HAD 25 GUESTS

At Surprise Party Given at Home of A. E. Woltz, Greenwood.

About 25 guests were present at a very delightful surprise party held Saturday evening at the home of A. E. Woltz at Greenwood. The evening was spent in music and various games, until a late hour when luncheon was served. One of the pleasing features of the evening was a vocal solo rendered by Clyde Winter of South Connellsville.

The out of town guests present were Mrs. Anna J. Smith of Uniontown, Mrs. Ida Younklin of Chambersburg and W. D. and Thomas Bradnock of Dawson.

### BACK FROM WASHINGTON.

B. & O. Surgeons' Meetings There Was Rejoicing Sunday.

Dr. H. P. Atkinson returned from Washington, D. C., Sunday morning after attending the annual meeting of the Baltimore & Ohio Railroad Surgeons. The meeting was an enthusiastic one, about 200 physicians taking the Arlington Hotel by storm.

Dr. T. H. Wilder, R. S. McKee and C. W. Hays are expected back some time today. Dr. Atkinson says the weather in Washington was oppressively hot. The bathing facilities in many instances were signs of Washington and vicinity.

Burgess Worman's Edict.

Burgess R. D. Worman of Uniontown has issued an edict that hereafter street walkers will be arrested if found on the streets of Uniontown after 9 o'clock. They will get 30 days to jail before the Burgess.

### BOY AERONAUT MAKES THRILLING ASCENSION

Columbus, O., July 1.—Cromwell Dixon, 14 years old, made an exciting ascent in his "sky cycle," and was carried up more than a mile by an adverse air current. The propeller of the airship is run by foot power and Dixon has been able to handle it readily in a light breeze. After the ship had ascended a short distance it was caught by a strong current of air, which whirled it rapidly upward until only the gas bag could be discerned by the naked eye. After being up half an hour Dixon landed safely several miles from the starting point.

### JUDGE LOVING ACQUITTED

Virginia Jury Approves Cold-Blooded Murder of Estes.

Houston, Va., July 1.—The jury returned a verdict of "not guilty" in the case of former Judge William G. Loving, on trial for the murder of Theodore Estes. Judge Loving shot Estes following a buggy ride. Estes had taken with the judge's daughter, Miss Elizabeth Loving, who told her father that her escort had drugged and assaulted her.

For many McGraw of the jury said that when he called for the vote he requested all who favored the acquittal of the defendant to hold up their right hands. Every hand promptly went up. When asked what the basis of the verdict was he said "insanity," and that he and other members of the jury believed that Judge Loving was out of his mind at the time he killed Estes.

WHY JUNE WAS COLD

Weather Bureau Officially Explains Earthquake Chilliness.

Washington, July 1.—The weather bureau announces that the month just closed was the coldest June of record in Washington in the last 76 years, and that the same is probably true of New England, the Middle Atlantic states and the lower lake region. In other parts of the United States the temperatures were also lower than usual. The bureau's official statement says to explain.

"As in previous cold June the distribution of atmospheric pressure over the Canadian maritime provinces and the North Atlantic was such as to cause a predominance of ocean winds in northeastern districts and a blockade of the continental low, either in the Ohio valley or off the New England coast."

## SHEEP LIEF BEATEN.

New Misery of Commercialism on Horses  
Abolished.

## TELEPHONE DIED A BURGLAR

Electrician J. J. Fretts From Ugly Accidentist Chimes Ring Out Beautiful Firemen's Week Begins Today.

SCOTSDALE, Pa., July 1.—The proverbial sheep thief ever been looked upon as one of the lowest creatures that humanity knows of, but the sheep thief is a fair way to lose his distinction, a species of thief having arisen. Some weeks horse owners have been puzzled at the apparent decrease in the length and beauty of their horses. This has been noticed purely with horses having notably large appendages and the owners began at a loss to discover a reason for this. There are those who thoughtfully "docked" horses, practicing the presence of the tormentors, is quite the thing, but there arises who believe that a horse ought to have its original brush. The scullery vandalism is that the comical world has sounded a call for horses' tails. The millionaire do taxes, the railroad gives rebates, trusts do business, and in Pennsylvania they build a State Capitol. Now, even the horses must contribute to "commercialism," and "docked" business men, stolen, too, a makers have been seeking horses for the manufacture of certain kinds of brushes. This has been the type of thief that makes a man a scullery boy like a solitary snail at a Union picnic. He goes about deftly cut out the best hair to tip of the horses' tails. If any goes fooling around your horse's unmanly the shot gun on him. Many times decrease the supply of tenants of industry.

Chief Electrician J. J. Fretts of the U. S. Coal Iron & Foundry Company was the victim of a painful accident while at work on the pattern shops. It was necessary to do some work about a planer when two fingers of his right hand were caught and the tips cut.

Constable Joseph Henger is going about with a badly lacerated face, as a consequence of a hand wagon striking him, and then falling over him. It happened at the corner of Pittsburg and Spring streets, after had been out along that street, where mercy-goround is in operation, horse and wagon manned by H. H. H. came rapidly around the corner. The constable was crossing, the horse knocked him down and the wagon ran over him, cutting his face badly, and bruising him.

Borough Council holds regular monthly meeting tonight, it will transact the regular routine business of the last couple of weeks, the getting out of the payroll for the fourth of July.

Rev. and Mrs. J. W. Moat Venetta arrived on Saturday night to spend Sunday with old folks in Scottdale, where Rev. Moat held the pastorate of the First Baptist Church and the editorship of The Independent for some years. They reported their new home very well.

Burglars got into the house of P. Cook on Friday night, but failed to secure any booty. Mrs. Cook heard a noise in the cellar and started to make the telephone busy for help. Miss Raphaela came home to find her mother was calling and thinking finding matters too interesting to scold out of the cellar again away.

Classified advertisements to a day. Townspeople were awakened today morning by the entrance of one of the sweet bells of the church of the Baptist Church, the chiming of a fine effect. The dedication of a chime, which were the gift of D. Overholt to the church in memory of his wife, took place in the afternoon. Rev. J. W. Moat of Venetta, a former pastor, made the presentation address. He named each of the 11 bells after some one of the Christian virtues, and as each virtue was named the bell upon which the name was inscribed was sounded. He closed by saying that the virtues were exemplified in the life of Mrs. Overholt and that her life like the voices of the bells, went out and made the entire community better to live in. Robert Skemp in a neat speech received the bells in behalf of the church. Rev. H. W. Miller, pastor of the United Presbyterian Church, accepted them in behalf of all the churches in town, and J. D. Hill in behalf of the town itself, saying that a gift of this kind cannot be a private one, but that the beautiful music of the chime is something that the entire town may enjoy. Mrs. H. G. Stango sang a solo and Prof. H. E. Eason, the chimebearer, sang a solo, and sounded the chimes. This is the first day of the week of entertainment that the firemen have arranged for, and is starting off well. There will be a crowd of people from surrounding towns here this evening. Quite an interesting list of amusements have been arranged for by the committee having these features in charge. The square will be lighted with electricity, the wiring having been done last week.

## From Westmoreland's County Seat.

GREENSBURG, July 1.—Educational circles of Westmoreland county are deep in interest over the annual meeting of the Pennsylvania State Educational Association, which convened here today. More than a thousand regular delegates from all over Pennsylvania are in attendance, and a week of great benefit for teachers is expected. Superintendent of Schools R. C. Shaw of the county, and City Superintendent Thos. S. Marsh have been active for the past six months making preparations for the gathering. Everything possible will be done to contribute to the enjoyment of the visitors. Many teachers of this and adjoining counties, not members of the Association, will attend. Prominent among the instructors will be Prof. Henry Houder, State Auditor General. A number of other educational lights will be here. Arrangements have been made with many private families to entertain delegates. All Greensburg people who can possibly arrange will throw open their doors to the distinguished visitors. The trolley companies will haul delegates free within the borough limits. A visit to the great Westinghouse industries at East Pittsburg, by special train, will be a feature of the entertainment.

Removal of the street railway merger are still rife here, and it is generally conceded that such a deal will go through shortly. It is definitely stated, however, that Col. Lloyd B. Huff will remain in active control of the P. M. & C. and that the deal means only the taking over of the Gibson interests by the Kuhns. Colonel Huff has done much for the progress of the road since he took charge after P. A. Gibson's death, and the ownership of the West Penn especially requests that he remain in charge here and that the systems, except for traffic arrangements, be operated separately. In order to perfect the loop system of running cars a new corner turn will be necessary here. Work, it is said, will be commenced in a short time.

From Jeannette comes the hot but welcome news that the big plant of the American Window Glass Company there will not close down during the summer months, as many glass plants over the country are doing. It was definitely stated that this concern, which employed 800 men, will run all summer, except when repairs are necessary, and then only one tank will be closed down at a time. The company has very large orders on hand, and it will be necessary for them to run steadily in order to keep these up.

Nine spitters were arrested Saturday night, making 68 since the introduction of the ordinance last Monday. All the offenders paid the regulation fine of \$1.00 and promised not to do it again. One man arrested was a member of Troop A, State Police. He was caught red-handed and paid without any objection. The new rule has made a great improvement in the condition of the streets, and it is hoped that the good work will go on indefinitely.

George Zachary, a hickman employed by the Pennsylvania Railroad Company in the yards at Derry, lay for two hours under a train Saturday night with one leg crushed almost off and the other broken, before assistance came. He was very weak from loss of blood when picked up. He was hurried to the Westmoreland Hospital, where the leg was amputated. It sank rapidly, however, and died at noon Sunday.

Read The Daily Courier.

## TEN MILLIONS PAID IN.

Enormous Total Reached by Federal Taxes in This District.

During the fiscal year just closed the collections made by Collector of Internal Revenue D. B. Heiner show a total of \$10,642,916.11. In the 25 secular days of June the collections aggregated \$1,006,848.50. This is the second time during the year that the collections exceeded \$1,000,000. In October they reached \$1,315,346.10.

Of the total \$2,822,994.50 was collected from the sale of beer stamps; \$65,107.56 from whisky stamps; \$1,206,929.28 from cigar and cigarette stamps; \$8,331.97 from tobacco stamps; \$200,282.55 from special tax stamps for saloons, drug stores, wholesale liquor dealers, restorers, brewers, etc.; \$713.80 for stamps affixed to specially colored oleomargarine; \$12,510 for strip stamps for bottled in bond whisky.

## VANDERBILT.

Personal Chat From the New Borough Down the Yough.

VANDERBILT, July 1.—On Monday evening, July 1, a ball will be given in the O. U. M. hall. It will be held by the Jolly Six Club. Music will be furnished by Kiferle's orchestra and the price of admission will be \$1. Invitations have been issued for the event.

The young people of the Christian Church will hold a business meeting at the home of Miss Mattie Colbert of East Liberty Tuesday evening, July 2. Matters pertaining to church work will be discussed. Members are requested to be present.

Charles Martin, Jr., one of our well known young men, was over at Broad Ford Saturday evening, calling on friends.

Rev. William Ogilvie of Iowa, who is the guest of his parents, Mr. and Mrs. Joseph Ogilvie of East Liberty, occupied the pulpit at the Presbyterian Church yesterday morning. In the evening the pastor, Rev. T. P. Kerr, delivered a sermon on "Temperance."

Policeman Harrison Wygle made two arrests Saturday evening. One of the prisoners hauled from California, Pa., and the other drifted into town from New Haven. The California man had taken too freely of the flowing bowl and got down. He had no funds and as the barkeep found some work for him to do he set him to do it. After the same was completed he was discharged. The New Haven lad was brought in for shooting fireworks. Upon the payment of cash he was released and told to shoot no more.

The exploding of a firecracker in the hands of a man standing in front of the market on Saturday evening was the cause of some excitement. He was standing there admiring the beauty of the many electric lights which adorn the front of the building with his hands behind him, in which were two live firecrackers. Some one then told him they would have some sport with him. A match was put to one of them with the result that the man's hand was badly burned. Who ever did the act should be brought to justice and dealt with severely for this is far from being fun. All must now take warning that from now until the third of July no firecrackers are to be set off. The policeman has been given orders to arrest all who violate this ordinance.

## Notice of Appreciation.

The trustees of the Rocky Mountain Baptist Church of South Connellsville wish to extend their thanks and sincere good wishes to all those who have assisted to the church fund and also to Geo. W. Brown who collected \$512.11 towards said fund. The total amount collected from all sources amounted to \$129.50.

## Church Dedicated.

The new M. E. Church at Cherryton was dedicated yesterday. The service was held at 11 o'clock. The pastor, Rev. T. A. Husted, presided.

## NATION IS ENRICHED.

Discoveries of Government  
Investigators Worth Mil-  
lions of Dollars.

### YET REWARDS ARE VERY MEAGER

Secretary Wilson of Agriculture De-  
partment Describes Interesting Fea-  
ture of Work That Receives Little  
Recognition.

Washington, July 1.—"Millions of dollars—in fact, a sum so vast that it cannot now be estimated—have been saved to the American people by discoveries made by government scientists during the fiscal year just closed," declared Secretary Wilson in speaking of the record of the department of agriculture for the year.

"Time alone must develop the importance to the world of the experiments being conducted every day by these men, whose only reward is in the passing fame attained in reporting valuable finds. There would be money in many of these discoveries if the scientists were to patent them in their own names, but in every case the people as a whole are the beneficiaries, for the patents are dedicated to the government, to be used by the United States or any of its officers or employees in the prosecution of work for the United States or by any person in the United States without the payment of royalty."

JAMES WILSON.  
Secretary of Agriculture.

Secretary Wilson feels that the recognition by the government of these discoveries is far too meager, but he does not hesitate to give to the scientist this little help whenever he feels that it is merited. Whenever a valuable discovery, warranting United States patent, is made by an employee of the department of agriculture the secretary advances the salary of the employee as much as it is possible to do under the law.

#### Dedicated to Uncle Sam.

The patent is taken out in this country in the name of the scientist making the discovery and then dedicated to the United States. If the discovery is applicable to use in a foreign country the scientist is authorized to receive the benefit, but usually the patent is of a character designed to meet conditions in the United States and of little value elsewhere.

Among the patents which have attracted national attention are in relation to the labeling of fresh meats that have passed government inspection, the use of feldspathic rocks as fertilizers and the prevention of corrosion of fence wire and rusting of iron and steel generally.

Secretary Wilson estimated that the discovery of an ink which may be used in stamping carcasses that have passed government inspection and which will not stain, spread or penetrate the meat will in itself save the government between \$300,000 and \$400,000 next year and a proportionately larger sum annually as the amount of the government inspected meat increases. The ink discovery was made by Marlen Dorsett, acting chief of the biochemical division of the department laboratory. All he received from the government was an advance in salary amounting to about \$1,000 a year.

#### CAPITOL COST \$13,134,703

Sanderson and Pennsylvania Construction Company Get Most of It.  
Harrisburg, July 1.—The grand total cost of the new capitol as established by the investigation commission through the experts, specialists and sub-contractors was \$13,134,702.66. Of this amount \$3,954,169.07 is the cost of the actual construction under the state capitol commission.

The board of public buildings and grounds expended for furnishings \$3,850,549.55. John H. Sanderson received \$5,487,894.45 of this sum and the Pennsylvania Construction Company, of which Congressman H. Burt Cassell of Lancaster is treasurer, is credited with \$2,672,450.55. Architect Huston's commissions aggregate \$615,

354.91 and Payne & Co. receive \$482,22.44 for inside work, in addition to the contract price for the erection of the building.

The attorney general when he receives the report of the commission will determine whether a draught shall be thrown out or only those implicated in specific charges be made defendants when prosecutions are begun.

### FRANCIS MURPHY DEAD

FAMOUS APOSTLE OF TEMPER-  
ANCE RESPONDS TO FINAL  
SUMMONS.

Pittsburg, July 1.—Francis Murphy, formerly of Pittsburg, the famous apostle of temperance, who induced fifteen millions to sign the pledge, won the confidence and admiration of the great of all nations, at one time being commended by the late Queen Victoria in an address from the throne, is dead at the home of his daughter, Mrs. Wayland Trask, in Los Angeles, Cal., following a long illness and general collapse.

So rapidly did the end approach the only one of Mr. Murphy's sons, T. Edward O. of Philadelphia, was at his bedside when death came. Robert S. Murphy, lieutenant governor of Pennsylvania, another son, was attending the convention of the state bar association at Bedford Springs, Pa., when he got a telegram announcing the critical illness of his father. He immediately came to Pittsburg, when he was joined by his brother John, and they at once started on the long journey to the coast. They will not reach their father's home until tonight. Two daughters, Mrs. Wayland Trask and Mrs. Frances J. Holmes, were at the bedside of their father when he died.

Francis Murphy, scholar, lecturer and temperance apostle, who is estimated to have induced from 12,000,000 to 15,000,000 persons to sign the pledge was born April 24, 1835 in County Westford, Ireland. He came to this country when about 15 and for some time worked on a farm near New York city. He was married April 10, 1856, to Elizabeth Ginn of New York. Three sons were born to the couple. Robert S., now lieutenant governor of Pennsylvania; John of this city and T. Edwin Murphy of Philadelphia, and two daughters, Mrs. Wayland Trask and Mrs. Frances J. Holmes. It was shortly after he returned from the war, in which he fought for the union, that his great evangelism in the interest of temperance was begun. Mr. Murphy was also a chaplain of the American army during the war with Spain.

#### FOOLED BY HUSTON

Sculptor Barnard Victim of Architect's Deception.

Harrisburg, July 1.—The story of the relations between George Gray Barnard, sculptor of the marble groups for the new capitol, and Architect Huston, as related at an executive session of the capitol investigation commission on Wednesday last, has been made public. Barnard spent two days in Harrisburg last week trying to arrange with the capitol building commission to secure sufficient funds to enable him to complete the work he began four years ago.

He claims Huston first promised him \$700,000 for full marble groups and that later the architect told him this would have to be reduced to \$300,000. Enthusiastic for the work, the sculptor consented, but afterward signed a contract for \$100,000. Of this sum \$13,000 is unpaid and \$20,000 was paid by Barnard for a bond.

It is in the hope of being paid the balance due him and of obtaining his release from his bond that Barnard came to Harrisburg and told his story to the investigators. He says that he was treated unfairly by Huston and that if the state will release him of the bond and pay the money due him the groups called for by his contract will be finished.

#### Sending French Weavers to America.

Lille, July 1.—The authorities have discovered a clandestine immigration agency which is shipping Roubaix weavers to Paterson, N. J., and Lawrence, Mass., thus enabling those cities to compete with the products of Roubaix and other French cities producing similar manufactures. The courts are investigating the matter.

## CONDITIONS ARE BAD.

**John D. Rockefeller Helping the Poor of New York City.**

## STRIKE OF THE WHITE WINGS.

**And Other Workmen in Gotham Create Bad State of Affairs—Ice-men Call for Protection and Can Not Secure It.**

**Publishers Press Telegram.**  
NEW YORK, July 1.—While process servers are seeking John D. Rockefeller to force his appearance in the United States Court this morning, paid by him a searching the outside tenement districts seeking sick babies it is announced today by the New York Association for Improving the Poor that the Oil King had authorized the employment of twenty trained nurses to go from house to house treating the tenement mothers how to care for their children and keep them well. The unique work began today.

New York's today the filthiest city in America. Accumulations of garbage and ashes litter every street and many are piled with refuse from curb to curb, some bulging almost impossible for teams. The odor is unbearable and the sanitary experts declare that an epidemic is not far off unless the conditions quickly improve. Beggars are begging everywhere in efforts to buy the rubbish and powerful disinfectants are being sprayed but neither afford much relief. The street cleaners and health department are astonished at the inability to get men with whom to break the White Wings strike. The police are crippled in efforts to protect the strikebreakers who are the ice company's clamor for guards for their wagons. The sudden rise in the temperature today not only made the health conditions alarming but added serious to the tenement strike. One hundred special policemen were sworn into service today while many large men, brigands and thieves joined in the ruin of the strikers today.

## GONE 24 YEARS.

**Greene County Man Returning to Find Himself Grown Rich.**

R. L. Kiser, a native of Greene county, who has been absent and missing for 24 years is on his way home from Vancouver, Wash. Kiser owned a farm in Westport, W. Va. and just before disappearing in 1883 drew between \$1,000 and \$5,000 from the bank. It was supposed he had met with four plays in Wheeling and for over 20 years his relatives have mourned him as dead. Kiser in the meantime has been all over the world.

His farm of over 400 acres in the mountain developed which year of oil and coal also indicates that some months ago the property was sold by Kiser's relatives they receiving \$475,000 in cash for the oil and coal which now goes to Kiser. The latter does not know that he is immensely wealthy. Kiser is 26 years old when he left home.

## A GREAT GAME.

**Will Be Played at Cycle Park Union town This Afternoon.**

UNIONTOWN, July 1.—If all roads don't lead to Cycle park this afternoon then the football fans of Union county are poor creatures in a word. The great game of the day will be a baseball game that will elicit any other game at Union in the past. The game is between the Union Stars captained by Everett county's corpulent District Attorney will clash with the Baxter team of the First Presbyterian Church. The Baxter team is made up of members of Attorney W. C. McKee's State school class.

## AN EARTHQUAKE.

**Shock Observed by Government Experimenters at Washington.**

WASHINGTON, July 1.—(Spec. Inf.) The Coast survey announced that an earthquake shock was observed today beginning at 5:14 o'clock and continuing for some time. The severest shock occurred from 5:20 until 5:25 A. M. The greatest motion being from the north to south.

The location of the earth was more distinct than was observed at the Kingston earthquake but not as severe as at the time of the San Francisco earthquake.

## SOCIAL UNION.

**Of the First Baptist Church Will Meet Tuesday Evening.**

The regular monthly meeting of the Social Union of the First Baptist Church will be held Tuesday evening at the home of Mr. and Mrs. W. C. Robinson near Truett.

This is the annual outing of the Union and it is hoped that all members of the Union as well as all who are not will be sure to come and bring their lunch baskets. The officers of the Union and their friends will be on the 6 o'clock Vanderbilt car.

**Mrs. Norma King's Funeral.**  
The funeral of the late Mrs. Norma King took place yesterday morning at 10 o'clock from the Breunlich Church. Rev. Hunt officiating. The service was attended by many friends of the deceased. Interment at Mt. Olive cemetery.

## TWO STATE STORIES.

**News in Brief During the Past 24 Hours.**

**Pittsburg, July 1.**—One of the old residents of Allegheny county, Charles Hummel, age 100 years and 6 months is dead at his home in Shaler township. He was born in Alsace, Germany.

**Cincinnati, July 1.**—Hubert H. Hock, theatrical manager is dead after an illness lasting many months. Hock was born in Landau, Germany, in 1834 and came to this country when 12 years old.

**New Philadelphia, O., July 1.**—Dariusson Weeks, age 6, was killed by the overturning of a huge mortar box. With three brothers he had stopped to play at a mill and they overtook the box.

**Bryan, O., July 1.**—Mrs. H. E. Deck has just passed the state examination and has been issued a license to do embalming. Mr. Deck conducts an undertaking establishment here and his wife will assist him.

**At Vernon, O., July 1.**—Ado Stovle while in a friendly wrestling match with a companion was thrown across a galvanized iron bucket with the result that four ribs were broken and protruded through the lung. He is dying.

**Defiance, O., July 1.**—Prof. John Gossner, former leader of the Defiance Military band and in his early days a musician in the Prussian army, during the Franco-Prussian war took his life by slitting his throat with a razor.

**Oil City, Pa., July 1.**—Young King, a native of China, died here from the effects of an opium debauch. He attempted to commit suicide some time ago by jumping into the river. He professed to be a convert to Christianity.

**Aaron, O., July 1.**—After drinking a case of beer and another four pints after supper, Anthony Hager, 60 years old, a farmer who lived three miles south of this city, mixed a drink in a glass of beer and drank it, dying shortly afterward.

**California, Pa., July 1.**—Louis Bonanza of Manova was his life at 21 cents. This is the reward he is bestowed on Leonard Chataway, forty boy at Black Diamond for digging him out of the Monongahela river when he was drowning.

## CONTRACT LET.

**For H. L. Carpenter's New Home on South Side.**

The contract for a new home for room brick veneer residence with bath room to cost \$10,000 in the neighborhood of \$8,000 was awarded to the Connellsville Construction Company by H. L. Carpenter. The dwelling is to be erected on South Pittsburg, street between the 100th and 110th streets. The house will be completed and up to date in every respect. The basement will be cemented and divided into four apartments for a laundry, dry boiler and fuel drying and storage rooms.

The building was planned by Architect A. P. Cooper and is of colonial design having a large porch running the entire distance around the front. The rooms on the first and second floors are of good size and the entire will be finished and plastered. There will be some stone trim about the entrance of the dwelling and the dining room will have a picture window and the ceiling of the reception hall finished with ornamental plaster.

A number of the windows will be glazed with art glass and wind seats and other modern touches. The residence is a fine example of a whole will be very complete in its appointments and will make an excellent addition to the other fine dwellings of the South Side. The four-story will be erected by the Connellsville Construction Company and will start their work at once.

## GOOD MUSIC.

**Feature of Services at the Christian Church on Sunday.**

A feature of the services last evening at the Christian Church was the excellent musical program rendered by the church choir composed of Mr. F. H. Kiser, Miss Margaret M. Lutz and J. J. Robinson and A. J. Smith, assisted by Dr. P. A. Whitman.

The church was filled to its utmost capacity and the program was one of the finest rendered for some time.

## HOSPITAL REPORT.

**Five Deaths Occurred During the Month of June.**

Miss Mabel Crift, Superintendent of the Cottage State Hospital gave out this morning the report for the month of June. During the month five deaths occurred at the hospital. The result of the examination is as follows: Sum of patients at beginning of the month 2, admitted 20, died 15, remaining 15, out patients treated 8.

## QUARTERLY GATHERINGS.

**Of the First Baptist Church Congregation Wednesday.**

The second quarterly meeting of the First Baptist Church will be held Wednesday evening. The organization in the church will report through its Secretary and the business matters relating to the new program will be decided.

The meeting is an important one and should be attended by as many as possible.

**Noon Weather Bulletin.**  
Shows slightly cooler tonight. Tuesday fair, the moon without bulletin.

# Our Daily Bulletin

CONNELLSVILLE PUBLISHED EVERY EVENING TELLS TOMORROW'S NEWS UNIONTOWN

ONCE there was a traveling man who had a stored up why he kept his paper for years at 60 cents per month. All the year round when his competitor was selling constantly more.

Well I tell you into the secret. You see it is much easier to change the size of the basket than it is to change the price and you get the result of it.

A good many storekeepers show their merchandise to lessen the quality of an article in order to be able to get a lower price. But in the old days the merchant will out and thus tells the story. Some can't see the difference in all these cases. If the truth were known it is cheaper to change the quality of an article than to change the price. Any one can tell.

## Important Notice.

In connection with our usual custom this will have a will. Each day we will have a special sale. We will be open all day for the day with Wright Metzler Co.
